

7/21/09.

I take great pleasure in introducing and recommending Miss May Higdon of Caseyville to all whom it may concern. She has had the advantages of church and school in a community of good christian people and she has made good use of her opportunities. I believe her competent to fill satisfactorily any position to which God in his providence may call her; whether keeper of the home, worker in the church, governess in the family or teacher in the school. She is a christian young woman and I guarantee that she will bring to her work a high degree of ~~excellence~~

conscience and by precept and
example endeavored to lead to
noble aims and purposes
in life all those committed
to her care. She has lived
a consistent christian life
and has never been addicted
in principle or practice
to ~~simple~~ sinful worldly
pleasures and amusements.

With great regard
C. H. Grafton.
