

N. York Aug. 26th / 57.

Dear Brother,
Be heard by N. York
being in Philadelphia, and we hope for a visit
from you by all means - Will you please
write and say when you will be here as
I wish to be at home when you may come
proffering a visit to the South I had
intended to make.

Yours is up to the D. D. of Mr. M. Lead I
revere. I heartily thank you for your
agency in the matter. The honor is an-
nexed on a very worthy man and will
help his usefulness when he is - I have in-
formed him of the fact. You spoke of a
publication of it. If any has been made please
send me a copy of the paper. And if you
have the pamphlet (Catalogue) with the view
of the College please let me have a copy for
mine.

Your sister wrote you on Monday, but by
some mishap her letter was addressed to
Mr. Bliss's - Come on and spend a week
a man - Being Dick by all means -
Truly Yrs. Robert M. Lead

Rev. J. D. Wyke - Philadelphia

The method & quality of man

The method of his habitation -

The method of his life

The method of his progress -

The his method -

His original quality -

resolving his center .

The know of the human mind -

The quality indicated by its power

to know . to create in mind .

The power to do evil accords with knowledge
since degradation is the welt of materiality
knowledge .

How man is created -

Evolution is the Yt .

- materiality - and in the mind -
