My dear friend

I write this note to in-
-form you of our welfare. The
health of my own and father's fam-
-ily is improved within the last
week, and my own is so much better
that I will endeavour to start for
Galway on the earlier part of next
week. I will endeavour to be in
Schuylady early on Friday, so as to
be at home for Sabbath 15 instant.
My father is now considered out of dan-
-ger tho' still very weak -

I remain Yours &c
