I send you after Mr. Bartol
 think he goes in, has his opinion ^{of} you spoken -
 I have heard nothing about him - I have nothing being
 me up into the hills of neither Henry nor Hugh &
 I have nothing to share with my family before me -
 I have got a game thread he kept at it back time
 I am at your camp, I have been going to several
 places by Indian trails and I find finding pasture
 there does more than any around, which I suppose
 was not a little - I thank you for the book and I am sorry
 that I cannot be back to look upon the hill there is
 going to be a special for me - for his third - some
 think I wish he had come to see me - I want tell you
 that you are a good man, - My family as well as the young
 of you, are the best in the world, but Religion is
 what the best Religion - I want I have a letter
 what with that good man, I have
 pick up nothing against him - I am a very
 joyful and proud for all I ever had to
