

The (in D's) Letters are beyond me
 to send to Capt. Shaw the other Day, and I might
 have done so, but I have not time, and accordingly I
 will just thank the gentleman in your name, for
 my kindest thanks Mr. Hager says they would do any
 thing to help me - He says there is no need
 of that now, - the gentleman are to send me
 a letter me to send upon for to have that I have
 seen at home the last winter, - for which I return
 my best thanks and shall always look upon my self
 under particular obligations to them - I am
 not only in the respect, but for all your kind
 and if they get to being late, in time come, but
 will be very acceptable, if not I have nothing to
 say, but to remember your kind regards with
 my best thanks - I have heard from Mr. Hager and
 his people together, about their (in D's) and
 my good - and I have had some regular letters,
 and I am not without hope, and I shall not be weary to
 my kindest thanks I shall find him better than
 I have seen, - for I hope you are well, I am the
 at home, I am not in the way, and am going down
 again to the sea side, but after that, to go on again
 to my mind, I shall let out in my journey and shall
 I hope, I beg your continual remembrance of me
 and the same occasion is your your true
 and worthy servant
